File No. Patents and Designs II/49 (R)

(Jan. 1949)

71813

Legal Department.

The draft rule 7 may be revised as follows, namely:-

"Patents shall be obtained in respect of discoveries or inventions of a highly technical nature resulting from research work organised or assisted out of grants made by the Provincial Government on the recommendations of the Committee. Such patents shall be assigned to the Provincial Government which may at its discretion release such rights in favour of the general public or any set of industrialists. Research workers other than those who are in the service or employment of Government shall, therefore any financial assistance is granted to them for research, enter into an agreement with the Provincial Government containing inter alia the following conditions:-

(1) Any patent rights resulting from their researches shall be assigned to the Provincial Government;

(2) They shall not apply for, or obtain or cause or allow any other person to apply for or obtain a patent in respect of an invention or publish the results ^{of} any inventions or researches involving patentable matter save with the previous permission of the Provincial Government and in accordance with such conditions as the Provincial Government may from time to time impose;

(3) They shall share the benefits of the research, whether patented or not, equally between themselves the institution where the work is carried out and the Provincial Government.
